Experience

The Columbia Missourian | Columbia, MO

Graphics editor (August 2017-May 2018)

- » Directed and assisted 16 student designers in sourcing, cleaning and analyzing data to make infographics for daily publication
- » Collaborated with reporters & editors to help visualize stories
- » Spent two semesters as an education reporter and focused on data stories about topics like test scores and campaign finance reports. I also worked biweekly general assignment shifts.

Missouri School of Journalism | Columbia, MO

Lead graphics teaching assistant (August 2017-May 2018)

- » Taught the Information Graphics class where I showed students how to use Adobe Illustrator, Tableau, QGIS and more to make print and web graphics for publication in The Columbia Missourian

Investigative Reporters & Editors | Columbia, MO

Resource library assistant (August 2016-May 2018)

- » Assisted with archiving information on the IRE website in Django
- » Sourced and cleaned datasets for newsrooms
- » Copy edited, test drove, researched and designed the cover for IRE's 2018 QGIS guide, *Mapping for Stories: A Data Journalism Guide*

The Dallas Morning News | Dallas, TX

Data & Interactives intern (May-August 2017)

- » Created interactive embeddables like maps, data visualizations and image sliders using jQuery, D3, Mapbox and more
- » Built a Django app for restaurant health inspection data across Dallas and Tarrant counties, and wrote scrapers in Python to obtain the data

The Shreveport Times | Shreveport, LA

Producer & editorial page editor (January-October 2016)

- » Produced videos using Adobe Premiere, published news releases, managed social media using Hootsuite and monitored site analytics using Chartbeat & Adobe Omniture remotely and in-person
- » Managed statewide editorial page on a rotational basis with editors from other newsrooms from July 2015 to October 2016
- » Spent the summer of 2015 as a general reporting intern

The Maneater | Columbia, MO

Online development editor (January 2015-May 2016)

- » Oversaw improvements to themaneater.com and newsroom technologies, including backend structural development of the Django CMS
- » Enhanced and optimized editorial and ad content for the web
- » Worked with editors to design special project pages

EPIC Literary Magazine | Columbia, MO

Design editor (January-May 2016)

- » Designed Mizzou's literary journal using Adobe InDesign
